

Business Question and Visualization Report

Date	06 September 2026
Team ID	
Project Name	India's Agricultural crop production Analysis
Maximum Marks	5 Marks

Visualization development refers to the process of creating graphical representations of data to facilitate understanding, analysis, and decision-making. The goal is to transform complex datasets into visual formats that are easy to interpret, enabling users to gain insights and make informed decisions. Visualization development involves selecting appropriate visual elements, designing layouts, and using interactive features to enhance the user experience. This process is commonly associated with data visualization tools and platforms, and it plays a crucial role in business intelligence, analytics, and reporting

Business Questions and Visualisation

The process involves defining specific business questions to guide the creation of meaningful and actionable visualizations in Tableau. Well-framed questions help in identifying key metrics, selecting relevant data, and building visualisation that provide insights.

1. Which crops have the highest production in India?

- **Visualization:** Bar chart showing production by crop.
- **Screenshot of visualization:**

2. How has crop production changed over the years?

- o **Visualization:** Line chart showing yearly production.
- o **Screenshot of visualization:**

3. Which states have the highest crop production?

- o **Visualization:** Bar chart showing production by state.
- o **Screenshot of visualization:**

4. Which crops are grown most in different seasons?

- o Visualization: pai chart showing production by season.
- o Screenshot of visualization:

5. Which year has high agricultural production?

- o Visualization: Bar chart showing average yield by crop.
- o Screenshot of visualization:

6. Which states have the highest cultivated area?

- o **Visualization:** Bar chart showing cultivated area by state.
- o **Screenshot of visualization:**

7. Which season has most agricultural production ?

- o **Visualization:** season wise agricultural share
- o **Screenshot of visualization:**

Season wise Agricultural Production Share

8. How does crop production vary across Indian states?

- o **Visualization:** Map showing production by state.
- o **Screenshot of visualization:**

State-wise Agricultural Distribution (India)
